

TO BE CONTINUED - BIOGRAPHY

TO BE CONTINUED was formed by the closed friends Stefan Sommer, Matthias Hörlesbergner and Manuel Leonhartsberger in 2005 in a town Amstetten. The band started doing gigs late summer of that very same year, unleashing the rage upon mankind. Playing an energetic mix of modern hardcore, with a big punkrock / metal / screamo influence, combined with lyrics spewing anger and frustration, they've earned themselves a lot of respect over the years.

Since that summer TO BE CONTINUED have been playing tons of shows with a wide variety of bigger, and smaller, hardcore and punkrock acts. Leaving crowds burned and beaten by their ever-raging live performance.

After the release of the "Breaking The Silence" on Chico Records, TO BE CONTINUED predominantly played the underground punk/hardcore scene.

In the next 3 months they played 50 shows and Europe tour across 8 countries followed by some shows in Romania.

In the meantime TO BE CONTINUED is busy writing for their new cd due to be recorded in January 2008. Expect all TO BE CONTINUED trademarks, like groove, aggressiveness, heaviness and sheer pressure to be pushed to unknown heights.

TO BE CONTINUED will be touring the world for this release, before and after the recordings always and anywhere! Beware!.
